Independent Auditors' Report

Board of Directors
Arizona Youth Partnership and Open Doors Community School, Inc.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Arizona Youth Partnership ("AZYP") and Open Doors Community School, Inc. (not-for-profit organizations) (collectively the "Organization"), which comprise the consolidated statement of financial position as of June 30, 2024 and the related consolidated statements of activities and changes in net assets, consolidated functional expenses, and consolidated cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Arizona Youth Partnership as of June 30, 2024, and the activities and changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the *Comptroller General of the United States*. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards,* we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating statement of financial position and consolidating statement of activities and changes in net assets is presented for the purpose of additional analysis and is not a required part of the consolidated financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, such information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 19, 2024 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. The report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Cash paid for interest	$ 5,541	$ 7,317

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied by Arizona Youth Partnership and Open Doors Community Schools, Inc. (collectively the "Organization") in the preparation of its financial statements follows:

ORGANIZATION AND BUSINESS ACTIVITY

Arizona Youth Partnership ("AZYP") was established in 1990 as an Arizona nonprofit corporation. In May 2011, the organization created a charter school as a separate Arizona nonprofit corporation by the name of Open Doors Community Schools, Inc. ("ODCS"). The school was opened in August 2013. The Organization's mission is to partner with communities to develop resources to promote the positive growth of their children by providing instruction and activities through delivery of scientifically proven curricula in the areas of community development, substance abuse prevention, healthy relationships, and preventing anti-social behavior. The Organization's primary funding is provided by government grants and contracts.

The programs of the Organization include:

Youth – AZYP provides a combination of relationship education, afterschool programs and youth leadership programs. The programs equip youth to focus on setting goals and preventing teen pregnancy, alcohol and substance abuse, and anti-social behavior. Since 1997, AZYP has offered teen pregnancy prevention programs (e.g., curriculum—based instruction, youth development/peer leadership) in Pima County. Over the past 20 years, AZYP has grown the program to serve 14 school districts across nine counties in Arizona with funding from the Arizona Department of Health Services and Federal grants from the Administration of Children and Families.

Family – AZYP family programs offer practical knowledge, strategies, and attitudes for sustaining positive marriage and family life. The program staff has built relationships with community organizations, the courts, Head Starts, One-Stop Career Centers and school districts across Gila, Pinal, and Pima counties in Arizona. Through funding provided by the Arizona Governor's Office of Children, Youth and Families/Parents Commission, AZYP offers the Strengthening Families program to parents of youth ages 11 to 14 in six rural and underserved communities in Pima and Mohave Counties.

Community Initiatives – AZYP assists coalitions to obtain resources and facilitate community-wide change. AZYP has developed eight coalitions and mobilized resources to implement and continue their strategic action plans. Since 1995, these community mobilization and resource development strategies have led to the advancement of six successful community coalitions in Ajo, Catalina, Marana, Pascua Yaqui Nation, southern Pima County, and the Tohono O'odham Nation.

Charter School – ODCS offers education to youth in grades K through 8. During the year ended June 30, 2022, The Organization decided to close Open Doors Community School, Inc. as of the end of the 2021-2022 school year. Activity for the year ended June 30, 2023 was related to wrapping up school operations and a preliminary contribution of net assets to AZYP. During the year ended June 30, 2024, the final cash balances and remaining net assets were contributed to AZYP.

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements as presented include all accounts of AZYP and ODCS. All significant inter-organization accounts and transactions have been eliminated in consolidation.

BASIS OF PRESENTATION

The Organization follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP") that the Organization follows to ensure the consistent reporting of its financial condition, changes in net assets and cash flows. References to GAAP issued by the FASB in the notes are to the FASB Accounting Standards Codification ("ASC").

AZYP's financial statements have been prepared in accordance with ASC 958, *Not-for-Profit Entities*. Under this authoritative guidance, AZYP is required to provide financial statements which are prepared to focus on the organization as a whole and to present balances and transactions according to the existence or absence of donor-imposed restrictions.

Resources are reported for accounting purposes in separate classes of net assets based on the existence or absence of donor-imposed restrictions. In the accompanying financial statements, net assets that have similar characteristics have been combined into similar categories as follows:

Without Donor Restrictions – Net assets that are not subject to donor-imposed restrictions. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors or may otherwise be limited by contractual obligations with outside third parties.

With Donor Restrictions – Net assets that represent resources restricted by the donor with the restriction being either time or purpose-oriented.

All contributions are considered to be available for use unless specifically restricted by the donor. Contributions of long-lived assets not having a donor-imposed purpose or time restrictions are reported as without donor restrictions contributions in amounts equal to the fair value of the contributed assets.

Expenses are generally reported as decreases in net assets. Expirations of donor-imposed restrictions that simultaneously increase one class of net assets and decrease another are reported as restriction releases between the applicable classes of net assets. Contributions and investment revenues that are received with donor-imposed restrictions that are fulfilled in the same period as the revenue is recognized are classified as net assets without donor restrictions.

ADOPTION OF NEW ACCOUNTING PRONOUNCEMENTS

The following accounting pronouncements were adopted during the years ending June 30, 2024 and 2023.

On February 25, 2016, the FASB issued ASU No. 2016-02, *Leases*. ASU No. 2016-02 was issued to increase transparency and comparability in financial reporting by requiring balance sheet recognition of leases and note disclosure of certain information about leasing arrangements. ASU No. 2016-02 is effective for annual periods or fiscal years beginning after December 15, 2021. AZYP adopted ASU No. 2016-02 for the year ended June 30, 2022, under a retrospective approach. Accordingly, AZYP evaluated each leasing transaction at the beginning of the earliest reporting period presented to determine the impact. The implementation of ASU No. 2016-02 resulted in a cumulative effect adjustment of $17,075 to net assets as of July 1, 2021.

In September 2020, the FASB issued ASU No. 2020-07, *Not-for-Profit Entities: Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. ASU No. 2020-07 was issued to increase the transparency of contributed nonfinancial assets for not-for-profit entities through enhancements to presentation and disclosure. AZYP adopted ASU No. 2020-07 for the year ended June 30, 2023 on a prospective basis and it had no effect on net assets.

On July 1, 2023, AZYP adopted ASU 2016-13 *Financial Instruments - Credit Losses* ("Topic 326"): *Measurement of Credit Losses on Financial Instruments* ("ASC 326"). The standard allows the Association to implement the changes on a modified retrospective basis. The adoption of Topic 326 resulted in no cumulative effect adjustment to net assets as of July 1, 2023.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include all cash balances and highly liquid investments with an original maturity of three months or less. AZYP/ODCS places its cash and cash equivalents in accounts with financial institutions, which may at times exceed federally insured limits. However, management does not believe the Organization is exposed to any significant credit risk on cash and cash equivalents. There was no uninsured cash at June 30, 2024 and 2023.

GRANTS RECEIVABLE AND OTHER RECEIVABLES

Grants and other receivables are uncollateralized and stated at the amount that AZYP expects to collect from various governmental entities. Uncollectible receivables are written off when management determines the receivable will not be collected. Receivables are considered impaired if payments are not received in accordance with grant terms. AZYP uses a loss-rate method that considers historical collection experience, the age of the accounts receivable balances, the credit quality and risk of grantors and customers, any specific grantor or customer collection issues, current economic conditions, and other micro or macro-economic factors that may impact a grantor's or customer's ability to pay. AZYP also considers reasonable and supportable forecasts of future economic conditions and the expected impact on customer collections. Given the nature of the grantors and customers, management believes all grants and other receivables will be collected and, accordingly, no allowance for credit losses has been recorded for the years ended June 30, 2024 and 2023.

CERTIFICATES OF DEPOSIT HELD AT BANKS

Certificates of deposit held at banks consisted of one certificate held at a credit union bearing interest of 0.20%, with a maturity date of February 20, 2023. The Organization redeemed the certificate at maturity.

PROPERTY AND EQUIPMENT

Property and equipment are carried at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The estimated useful lives of the assets are as follows:

	Years
Furniture and fixtures	5 - 10
Software	5
Vehicles	5

AZYP capitalizes expenditures for property and equipment in excess of $1,500 with a useful life of more than one year. Donated property and equipment are carried at the approximate fair value at the date of donation. Expenditures for maintenance and repairs are charged to expense as incurred. When items are retired or disposed of, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is recognized. Title and equipment purchased with federal or state funds will be transferred to the grantor in the event the Organization is no longer funded or otherwise discontinues the program.

LEASES

AZYP recognizes and measures its lease obligations in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2016-02, Leases ("Topic 842"). Right-of-use ("ROU") assets represent the Company's right to use an underlying asset for the lease term. ROU assets are recognized at the commencement date of the lease under Topic 842 based on the lower of the lease liability or the fair value of the underlying asset, adjusted for any prepaid rent and/or initial direct costs incurred in connection with execution of the lease and reduced by any lease incentives received. AZYP's incremental borrowing rate for a lease is the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment.

The right-of-use asset is subsequently amortized using the straight-line method from the commencement date under Topic 842 to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the balance of the right-of-use asset reflects that AZYP will exercise a purchase option. In that case the right-of-use asset will be amortized over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, AZYP's incremental borrowing rate or the risk-free rate determined with reference to the lease term.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in AZYP's estimate of the amount expected to be payable under a residual value guarantee, if AZYP changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in the results of operations if the carrying amount of the right-of-use asset has been reduced to zero.

Practical expedients

AZYP has elected, for all underlying classes of asset, to not recognize ROU assets and lease liabilities for short-term leases that a have a lease term of 12 months or less at commencement and do not include an option to purchase the underlying asset that AZYP is reasonably certain to exercise. AZYP recognizes lease costs associated with short-term leases on a straight-line basis over the lease term. AZYP elected to not include non-lease components in its determination of its fixed lease payment obligations in the measurement of ROU assets and lease liabilities. AZYP uses a risk-free rate to discount future lease payments, considering the currency of the lease agreement and terms of the lease.

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Investment expenses are recorded as a reduction in investment earnings.

GAAP establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Income Taxes

The Organization is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes is recorded in the accompanying financial statements. However, income from certain activities not directly related to Organization's tax-exempt purpose may be subject to taxation as unrelated business income. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(1).

The Organization's management believes that there are no material uncertain tax positions for which it is reasonably possible that reported amounts could significantly differ from amounts that may be determined upon examination by taxing authorities. The Organization recognizes costs related to any such uncertainties and penalties in operating expenses. In general, the Organization's federal and state tax returns remain subject to examination by taxing authorities for three and four years, respectively, from the filing date, unless specific conditions are met. Accordingly, the Organization is no longer subject to federal tax examinations before 2020 and state tax examinations for years before 2019, unless specific conditions are met.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported assets, liabilities, revenues and expenses and disclosure of any contingent assets and liabilities at the date of the consolidated financial statements. Actual results could differ from estimates.

Functional Allocation of Expenses

The cost of providing the various program services and supporting activities of AZYP have been summarized on a functional basis in the statement of activities and changes in net assets. The statement of functional expenses presents expenses by natural classification and by function in a matrix format, as required by US GAAP. Certain costs have been allocated between the program services and supporting services.

AZYP allocates its expenses on a functional basis among its programs and support services. Expenses that can be identified with a specific program or support service are allocated directly according to their natural expenditure classification. Employee-related expenses, such as taxes and benefits, are allocated on the basis of time and effort. Facility and occupancy costs are allocated based on the full-time equivalency of each employee in their specific location.

Revenue Recognition

To account for its revenues, the Organization first assesses whether a transaction is an exchange transaction or a contribution. Transactions in which both parties directly receive commensurate value are considered exchange transactions. Transactions for which there is no exchange of goods, services or commensurate value are considered contributions.

Exchange Transactions

Exchange Transactions are recognized in accordance with Accounting Standards Codification Topic 606 – *Revenues from Contracts with Customers* (“ASC 606”) which requires an evaluation of contracts with customers based the following five-step model: (1) identify the contract with the customer; (2) identify the performance obligations in the contract; (3) determine the transaction price; (4) allocate the transaction price to separate performance obligations; and (5) recognize revenues when (or as) each performance obligation is satisfied.

ASC 606 requires revenues to be recognized when performance obligations are satisfied by transferring goods or services promised in a contract, in an amount that reflects the consideration that the Organization expects to receive in exchange for those goods or services. Performance obligations in the Organization’s contracts represent distinct or separate service streams that it provides.

Contributions and Pledges

Contributions and pledges are recognized in accordance with Accounting Standards Codification Topic 958-605 *Not-for-Profit Entities – Revenue Recognition*. The Organization recognizes unconditional promises to give when the donor makes the promise. Conditional contributions are recognized when the relevant barriers are met. Donor imposed restrictions for time and purpose are not considered a significant barrier and the presence of such restrictions does not result in classification as a conditional contribution. If funds are received from the donor before the relevant barriers have been overcome, conditional contributions refundable is recorded.

The Organization reports contributions of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets to a specific time period or specific purpose. When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets as net assets released from restrictions.

The Organization’s policy is to consider discounting pledges that are greater than three years and larger than or equal to $5,000. When the actual payment stream on pledges receivable does not match management's estimate, management's policy is to treat the remaining pledge receivable as receivable on an equal pro rata basis over the remaining term of the pledge.

Recognition

The following describes revenue recognition for specific types of revenue:

Government Grants and Contracts – Government grants and contracts consist primarily of federal grants. For grants and contracts determined to be exchange transactions, the revenues are recorded as increases in net assets without donor restrictions when the underlying service is provided and the performance obligations are satisfied. For grants and contracts determined to be contributions, AZYP records revenue when the grantor makes an unconditional promise to give. Most of the grants are awarded on a cost reimbursement basis and, accordingly, are recognized in revenue when the allowable costs are incurred and the Organization is entitled to request reimbursement. Advances received from governmental funding sources in excess of costs incurred or services provided under the related grants are deferred and recognized as revenue when the related expenses are incurred, or services are provided.

Special Events - Special events revenue is recognized at a point in time, when the event takes place. Special events may include sponsorship of events or registration fees. Special events may include both exchange and contribution components. Those events that result in substantially commensurate value for the participant are considered exchange transactions and recognized when the event takes place. Fees in excess of commensurate value are recognized as contributions, more fully described below. Generally, AZYP considers any advertising value provided to event sponsors to be de minimis and treats all such revenue as contributions.

DONATED GOODS, FACILITIES AND SERVICES

Occasionally, the Organization receives donated goods and services. Donated goods and facilities are recognized in contribution revenue, along with a corresponding charge to expense or capitalized asset, at their fair market value at the time of donation.

Donated services are recognized in the financial statements at their fair market value when (1) the services received require specialized skill, the services are provided by individuals possessing those skills, and would typically be purchased if not provided by donation or (2) the services create or enhance a non-financial asset. Although the Organization utilizes the services of many outside volunteers, the fair value of these services has not been recognized in the accompanying consolidated financial statements since they do not meet the criteria for the recognition under generally accepted accounting principles.

BENEFICIAL INTERESTS IN ASSETS HELD BY OTHERS

Beneficial interests in assets held by others are recorded at fair value. The fair value of these interest held at the Jewish Philanthropies of Southern Arizona ("JPSA", formerly known as Jewish Community Foundation of Southern Arizona), for which quoted market prices are not available, is based on values provided by JPSA. The community foundations determine the fair value based on the unit values of AZYP's interest in the pools in which they have invested. The unit value is based on the fair value of the underlying assets in the pool. Distributions may be requested at the discretion of the board of directors, with no restrictions imposed on use, up to the fair value of the investment. The value of the beneficial interest is adjusted monthly according to reported change in its estimated fair value. Those changes in value are classified as net assets without donor restriction in the absence of any donor restriction related to the fund.

ADVERTISING

AZYP uses advertising to promote its services. Advertising costs are expensed as incurred and totaled $6,551 and $67,322 for the years ended June 30, 2024 and 2023, respectively.

Note B. Property and Equipment

Property and equipment consist of the following as of June 30, 2024:

	2024	2023
Furniture and fixtures	$ 62,226	$ 98,273
Software	-	17,000
Vehicles	108,180	108,180
Total property and equipment	170,406	223,453
Less accumulated depreciation	(125,577)	(143,577)
Total property and equipment, net	$ 44,829	$ 79,876

Note C. Notes Payable

Notes payable consisted of the following as of June 30:

	2024	2023
Note payable to Toyota Financial Services, effective August 13, 2022, due in 72 monthly principal and interest payments of $525 including interest at 6.88% per annum, maturing August 2028, collateralized by a vehicle with a carrying value of $36,439.	$ 22,359	$ 26,943
Note payable to Vantage West Credit Union, effective January 28, 2022, due in 48 monthly principal and interest payments of $432 including interest at 2.44% per annum, maturing February 2026, collateralized by a vehicle with a carrying value of $13,773.	8,454	13,361
Total notes payable	30,813	40,304
Less current portion of notes payable	(9,940)	(9,491)
Long-term portion of notes payable	$ 20,873	$ 30,813

Future consolidated debt maturities as of June 30, 2024 were as follows:

2025	$ 9,940
2026	8,681
2027	5,631
2028	6,031
2029	530
Future minimum payments	$ 30,813

Note D. Net Assets with Donor Restrictions

Donor restricted net assets activity consisted of the following for the year ended June 30, 2024:

	2024	2023
Shelters	$ 59,008	$ 1,697
Mental Health Training	35,693	-
Program Food	14,282	3,391
Youth and Family	7,123	-
Hobbies Not Habits	5,619	-
Wake Up	4,699	-
Other	3,110	5,997
Starting Out Right program	-	5,683
ODCS Prop 301 funds	-	4,167
Help and Hope 4 Youth	-	3,750
Total purpose restrictions	$ 129,534	$ 24,685

Note E. Operating and Finance Leases

Short-Term Leasing Arrangements

The Organization leases a program facility under a month-to-month arrangement calling for monthly rent of $475. Total short-term leases costs for the years ended June 30, 2024 and 2023 was $5,700 and $475, respectively.

Operating Leases

The Organization leases its principal office, certain program facilities, and equipment under the terms of operating lease agreements expiring at various times through September 2026. For the years ended June 30, 2024 and 2023, total operating lease costs were $160,843 and $175,696, respectively.

The following is a schedule of future minimum lease payments under non-cancelable operating leases as of June 30, 2024:

2025	$ 57,346
2026	34,524
2027	6,600
Total undiscounted lease payments	98,470
Less imputed interest	(919)
Total operating lease liabilities	97,551
Less current portion	(56,642)
Operating lease liabilities, long-term portion	$ 40,909

As of June 30, 2024, the weighted average remaining lease term is 1.79 years for operating leases and the weighted average discount rate is 1.09%.

Finance Leases

The economic substance of certain leases is financing the acquisition of the assets through the leases and, accordingly, they have been recorded as finance lease obligations in the accompanying financial statements. Finance lease right-of-use assets consist of the following as of June 30:

	2024	2023
Finance lease right-of-use assets	$ 47,811	$ 47,811
Less accumulated amortization	(29,882)	(21,914)
Total finance lease right-of-use asset	$ 17,929	$ 25,897

For the year ended June 30, 2024, total finance lease costs were $11,513, including amortization of ROU assets of $7,968 and interest of $3,545. For the year ended June 30, 2023, total finance lease costs were $12,529, including amortization of ROU assets of $7,968 and interest of $4,561.

The following is a schedule of future minimum payments as of June 30, 2024:

2025	$ 11,572
2026	11,572
2027	2,893
Total undiscounted lease payments	26,037
Less interest	(3,718)
Total finance lease liabilities	22,319
Less current portion	(9,087)
Finance lease liabilities, long-term portion	$ 13,232

As of June 30, 2024, the weighted average remaining lease term is 2.25 years for finance leases and the weighted average discount rate is 13.61%.

Note F. Revenue from Contracts with Customers

Management has assessed recognition of each type of revenue generated by the Organization. Special Events revenues are recognized at a point in time, when the event occurs. Contract revenues and program fees are satisfied through the performance of specific activities.

Revenue from contracts with customers consisted of the following for the years ended June 30, 2024 and 2023:

	2024	2023
Contract revenue	$ 155,411	$ 255,279
Special events	8,205	14,109
Total revenue from contracts with customers	$ 163,616	$ 269,388

There were no outstanding performance obligations at either June 30, 2024 or 2023. AZYP had no contract assets or liabilities related to revenue from contracts with customers at either June 30, 2024 and 2023.

Note G. Retirement Plan

AZYP has a defined contribution 401(k) profit sharing plan that all AZYP employees who are 21 years of age or older and have completed three consecutive months of service. Employees may contribute an amount up to the annual IRS limits. AZYP matches the percentages the employee contributes per pay period up to 3% of compensation. Retirement plan contributions made by AZYP were $42,039 and $39,161 for the years ended June 30, 2024 and 2023, respectively.

Note H. Liquidity and Availability of Financial Assets

AZYP regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. AZYP strives to maintain current financial assets less current liabilities at a minimum of 60 days of operating expenses. AZYP manages its liquidity following three guiding principles: operating within a prudent range of financial soundness and stability, maintaining adequate liquid assets to fund near-term operating needs, and maintaining sufficient reserves to provide reasonable assurance that long-term obligations will be discharged.

Financial assets available to meet cash needs for general expenditures within one year of the date of the statement of financial position were as follows as of June 30:

	2024	2023
Financial assets:		
Cash and cash equivalents	$ 159,128	$ 195,471
Grants receivable	578,532	648,429
Other receivables	8,741	32,151
Beneficial interest in assets held by community foundation	31,925	28,343
Total financial assets	778,326	904,394
Less liabilities and conditions limiting the use of financial assets:		
Accounts payable	63,116	95,104
Accrued expenses	48,971	45,259
Notes payable	30,813	40,304
Funds with donor imposed restrictions	129,534	24,685
Total liabilities and conditions limiting the use of financial assets	272,434	205,352
Financial assets available to meet cash needs for general expenditures within one year	$ 505,892	$ 699,042

Note I. Contingencies

The Organization is involved from time-to-time in various claims and legal actions in the ordinary course of business. Management does not believe that the impact of such matters will have a material adverse effect on the Organization's financial position or results of operations when resolved.

AZYP participates in a number of Federal and State assisted grant and contract programs, and a significant reduction in this level of support, if it were to occur, would have a material effect on the programs and activities of AZYP. The governmental agency funding is also subject to compliance audits. Assessments from these audits, if any, are recorded when the amounts of such assessments are reasonably determinable.

Note J. Concentrations

Financial instruments that subject the Organization to concentrations of credit risk consist primarily of cash, cash equivalents, certificates of deposit, grants receivable, other receivables and beneficial interest in assets held by community foundation. The total loss that would occur if the accounts become uncollectible is the stated balance of the financial instruments reported in the accompanying consolidated statement of financial position.

The Organization receives substantially all of its support from grants from a number of grantors. At times, activity with particular grantors may constitute a concentration in accordance with accounting standards. As of June 30, 2024, two government agencies represented 97% of governmental grant revenues. Two grantors comprised 61% of grant and other receivables at June 30, 2024. Two grantors comprised 70% of grant and other receivables at June 30, 2023. Additionally, the Organization operates in 13 counties within the state of Arizona.

NOTE K. IN-KIND CONTRIBUTIONS

In-kind contributions totaling $81,238 and $18,487 represented donated space and program supplies for program activities reported in the statement of functional expenses in occupancy costs and program supplies for the years ended June 30, 2024 and 2023, respectively. In valuing the donated space, the Organization estimated the fair value based on amounts that would be paid to rent similar spaces in the Arizona market. In valuing the donated program supplies, the Organization estimated the fair value based on amounts that would be paid to purchase similar goods in the Arizona market.

NOTE L. BENEFICIAL INTEREST IN ASSETS HELD BY COMMUNITY FOUNDATION

During the year ended June 30, 2022, AZYP transferred $30,000 to the JPSA for an investment fund. The fund is invested in a portfolio of equities, fixed income, and alternative investments, which is structured for a balanced portfolio designed to meet long-term investment horizon goals.

JPSA controls the investment decisions and the spending of the fund. There are no commitments to make future investments and there are no donor restrictions on the redemption of funds invested at JPSA as of June 30, 2024 and 2023.

The activity for the year consisted of the following for the years ended June 30:

	2024	2023
Balance at beginning of year	$ 28,343	$ 30,000
Investment income (loss)	3,582	(1,657)
Balance at end of year	$ 31,925	$ 28,343

As AZYP is unable to directly support the asset valuations provided by JPSA, beneficial interest in assets held by community foundation are level 3 investments in the fair value measurement hierarchy.

NOTE M. SUBSEQUENT EVENTS

Accounting principles generally accepted in the United States of America requires the disclosure of the date through which subsequent events were evaluated when determining whether adjustment to or disclosure in the financial statements is required. The Organization evaluated subsequent events through November 19, 2024, which represents the date the financial statements were available to be issued.

Subsequent to year end, the Organization was notified that three of five existing grants for which they had reapplied were not renewed, totaling approximately $475,000 in funding. However, the Organization has received no cost extensions through December 31, 2024 on the terminating grants. Additionally, the Organization was awarded one new grant totaling approximately $150,000, which will offset a portion of the lost funding.

Supplemental Schedules

Supplemental Consolidating Schedule of Financial Position for the Year Ending June 30, 2024

	Arizona Youth Partnership	Open Doors Community School	Eliminations	Total
ASSETS				
CURRENT ASSETS:				
Cash and cash equivalents	$ 159,128	$ -	$ -	$ 159,128
Grants receivable	578,532	-	-	578,532
Other receivables	8,741	-	-	8,741

Single Audit Reports and Schedule of Expenditures of Federal Awards and Other Governmental Awards for the Year Ended June 30, 2024

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Trustees
Arizona Youth Partnership
Tucson, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Arizona Youth Partnership (a not-for-profit organization) (the "Organization"), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 19, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Arizona Youth Partnership's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Institute's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Institute's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Program, Report on Internal Control Over Compliance, and Report on the Schedule of Expenditures of Federal Awards and Other Governmental Awards Required by Uniform Guidance

Board of Directors
Arizona Youth Partnership
Tucson, Arizona

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Arizona Youth Partnership's (a not-for-profit organization) (the "Organization") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Organization's major federal programs for the year ended June 30, 2024. The Organization's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Arizona Youth Partnership complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditors' Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Organization's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of Arizona Youth Partnership as of and for the year ended June 30, 2024, and have issued our report thereon dated **November 19, 2024**, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards and other governmental awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned Costs

Part I – Summary of Auditors' Results

Financial Statements

1. Type of auditors' report issued: Unmodified
2. Internal control over financial reporting:
   a. Material weakness identified? No
   b. Significant deficiencies identified, which are not considered to be material weaknesses? No
3. Noncompliance material to financial statements noted? No

Federal Awards Section

1. Internal control over major programs:
   a. Material weakness identified? No
   b. Significant deficiencies identified, which are not considered to be material weaknesses? No
2. Type of auditors' report issued on compliance for major programs: Unmodified
3. Any audit findings disclosed, which are required to be reported in accordance with Section 2 CFR 200.516(a) No
4. Identification of major programs:

Assistance listing number(s)	Name of federal program
93.623	Basic Center Grant
93.550	Transitional Living for Homeless Youth
93.243	Substance Abuse and Mental Health Services Projects of Regional and National Significance

5. Dollar threshold used to distinguish between Type A and Type B programs: $750,000
6. Auditee qualified as low-risk auditee? No

   Auditee did not qualify as a low-risk auditee because the reporting package for the fiscal year ending June 30, 2022 was not submitted to the Federal Audit Clearinghouse within 30 days of the receipt of the audit report. However, the reporting package was submitted by the 9-month filing deadline. All other criteria for low-risk auditee qualification were met.

Part II – Financial Statement Findings

This section identifies significant deficiencies, material weaknesses, and instances of fraud, illegal acts, violations of provision of contracts and grant agreements, and abuse related to the financial statements for which *Government Auditing Standards* require reporting in the Uniform Guidance audit.

No findings were noted.

Part III – Findings and Questioned Costs – Major Federal Awards Program

This section identifies the significant deficiencies, material weaknesses, and material instances of noncompliance including questioned costs, as well as any abuse involving federal awards that are material to a major program.

No findings were noted.

Part IV – Summary of Prior Year Audit Findings

No prior year findings.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND OTHER GOVERNMENTAL AWARDS

NOTE A. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards and other governmental awards ("SEFA") includes the federal award activity of Arizona Youth Partnership (the "Organization") and is presented on the accrual basis of accounting. The information in the SEFA is presented in accordance with the requirements of the Uniform Guidance. Because the SEFA presents only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Organization.

NOTE B. 10% DE MINIMIS INDIRECT COST RATE

The Organization has not elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance. The Organization utilizes an approved rate agreement to recover indirect costs under the Uniform Guidance.

NOTE C. SUMMARY OF FEDERAL EXPENDITURES BY ASSISTANCE LISTING NUMBER

The following table summarizes the federal expenditures reported in the schedule by assistance listing number:

Assistance listing number	Description	Amount expended
20.616	National Priority Safety Program	$ 7,626
93.060	Sexual Risk Avoidance Education	379,225
93.092	Affordable Care Act Personal Responsibility Education Program	205,266
93.235	Affordable Care Act Abstinence Education Program	243,081
93.243	Substance Abuse and Mental Health Services Projects of Regional and National Significance	428,491
93.788	Substance Abuse and Mental Health Services - Opioid STR	37,500
93.959	Substance Abuse and Mental Health Services - SABG	108,741
93.276	Drug-Free Communities Support Program Grants	110,156
93.550	Transitional Living for Homeless Youth	346,678
93.623	Basic Center Grant	382,885
93.991	Preventive Health and Health Services Block Grant	11,256
93.912	Rural Health Care Services Outreach, Rural Health Network Developn	178,691
16.320	Services for Trafficking Victims	83,266
16.588	Violence Against Women Formula Grants	41,780
16.726	Juvenile Mentoring Program	13,897
16.842	Opioid Affected Youth Initiative	128,635
17.258	WIOA Adult Program	78,552
16.540	Juvenile Justice and Delinquency Prevention	80,700
	Total	$ 2,866,426
